Report of Principal and School Improvement Council

This school report card is a joint effort of our School Improvement Council and faculty. We are excited to present it, because it gives us another venue for sharing with the community our successes and challenges.

We are proud to report that our test scores continue to reveal gains. Both English Language Arts and Mathematics scores in grades 3, 4, and 5 have revealed progressive movement of students from Not Met to Met and/or Exemplary. This progress is largely attributed to the implementation in grades K-6 of best instructional practices across the curriculum, increased time for math and science instruction, and continuous emphasis on staff development.

Parent, staff, and student surveys reveal overall satisfactory ratings by all populations served. As we plan for continued student progress, we continue to expect even greater gains. In addition to effective instructional delivery, we will emphasize professional development in best instructional practices, active parental involvement, and effective student management. We continue to ask and expect parents to read to and with their children daily, check homework daily, and maintain open lines of communication with the school via visits, conferences, and e-mail.

We know that all students can learn, and many can learn at high levels. We are also positive that Minnie Hughes Elementary School will provide the challenging and rigorous curriculum necessary to ensure the success of all students. Call us to join our progressive team of students, staff, and parents!
