**Report of Principal and School Improvement Council**

James Simons Elementary School is a Title I school located in the inner-city of Charleston that serves children pre-kindergarten to grade six. The enrollment is 280 with a poverty index of approximately 94%. Our staff is passionate about teaching and learning and has created a positive, nurturing school environment.

Initiatives underway for improvement include a rigorous and differentiated curriculum, with an emphasis on small, flexible groups designed to meet children at their functioning level and accelerate achievement. Specialized instructional intervention is in place in both reading and math for students as needed. Professional development is an integral part of our school week. Weekly activities include standards-based instructional guidance in all content areas, monitoring mastery of taught material, and the implementation of data-driven instructional decision-making in all content areas.

Our highly qualified teachers and staff are committed to challenging students on all levels with the common goal of improving student achievement.

Increased student leadership and decision-making is in place through Positive Behavior Intervention and Supports (PBIS), Safety Patrols, and Student Council. The PBIS model is practiced school-wide with student recognition and incentives for appropriate choices in school. Our goal for PBIS is not only to improve immediate behavior, but to provide students with life skills necessary for positive and productive decision-making.

Collaboration with community agencies continues in an effort to provide assistance for specific student and family needs. Parents are provided information and resources to enhance student learning. Communication with parents includes student agenda books, daily homework folders, monthly calendar of events, newsletters, phone calls, e-mails, report cards, monthly progress checks, notes, and conferences.

Efforts to increase parental involvement include vigorously recruiting parents to attend school events, volunteer, and participate in the many decision-making teams. We believe that community involvement is a necessary component of school success, and we will continue working toward strengthening our bonds and partnerships with local faith-based organizations and businesses.
