REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

School Improvement Plans at Independence focused on three goals correlated to the district Rock Hill Climb: Shared Vision, Quality Work, and Future Focus. Shared Vision included creating a common philosophy and vision for working with students. Used as a basis for writing a schoolwide behavior plan was research from several books studied by the staff and the melding of individual staff beliefs. Quality Work centered on improvement in delivery of instruction and intervention plans (Response to Intervention) for students who did not meet initial academic success. Success was measured from academic data, student surveys, and parent input. Over eighty percent of the students met academic benchmarks as measured by MAPS testing, Fountas and Pinnel Running Records, and Math common assessments. Future Focus allowed the staff to assess current technology efforts and begin building capacity for future programs.

Students were again given opportunities to participate in many clubs related to specific interests. Additionally, several schoolwide programs were presented by students to the parents and community, including: Veterans Day, Winter Program (grades three through five), Black History Program, Spring Program (grades Kindergarten through second grade), and several grade level presentations.

PTO funded several projects for the students of Independence, some of which included an outdoor classroom with tables and umbrellas for classes to be held outside, a well-known children's author and illustrator who signed books for students, birthday treats, supplies for the classroom, assemblies, and maintenance of the school aviary. The School Improvement Council met throughout the year to discuss strategies for extending programs already in place.
