REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2009-2010 school year was exciting and challenging for Chester High School. Our students performed well academically and athletically, representing our school in numerous sporting events, while being awarded millions of dollars in scholarships. Chester High School students have become respected ambassadors for our school and community.

A major challenge for our school this year has been doing more with less in the face of budget cuts. The administration, along with the District Office, has attempted to limit the impact on classroom instruction while also meeting the financial demands that face our school district.

Chester High continues to lead in contributions to charities and other service organizations despite the difficult economic times. We were once again a "Heroes School" for the Red Cross, and students contributed over \$1700 to Pennies for Patients. Teachers and students also participated in Relay for Life.

The School Improvement Council remained active in planning and supporting improvements at our school. The council finalized plans for a new and much-needed renovation to the courtyard area. The SIC also participated in the development of the new traffic pattern system, thereby improving student safety.

In 2009-2010, Chester High School rose to the challenge and continued to provide high quality graduates for the future of our community, state, and nation.
