Report of Principal and School Improvement Council

The mission statement for CrossRoads Middle School describes our school as a place where “children are cherished and challenged” at a true crossroads in their lives. We take our mission statement to heart in everything that we do. It guides all our decisions and we work to be faithful to it in all our actions. CrossRoads considers itself and the community it serves to be a closely-knit family, working together to provide the best educational possibilities for all students. We believe it is important to recognize our diverse population and we work to create a friendly and welcoming atmosphere for everyone.

We are indeed proud of our accomplished students and staff members. In 2009-10, almost 400 students were initiated into the National Junior Beta Club. Weekly school and team newsletters, e-mail, and a frequently updated website kept our parents informed and connected to our school. Parent Portal, a web-based program, allowed parents to view their child’s attendance, and grades. One more teacher was designated National Board Certified Teacher, bringing the total number of teachers earning this certification at our school to 24. CrossRoads was a recipient of the Palmetto Gold Award, recognizing our students’ excellent performance on the 2009 spring administration of PASS. In addition, CRMS received the Palmetto Silver Closing the Achievement Gap Award. This award recognizes schools that make significant gains in performance levels of targeted student groups.

During the 2009-10 school year, CrossRoads Middle participated in the school renewal process and assisted School District Five of Richland & Lexington Counties in earning AdvancEd District Accreditation. Teachers, students, and parents came together to guide the process and assist in the creation of a revised strategic plan.

Last year, more than 800 students were involved in single gender classes for the four core content areas. This initiative has been very successful for our students. Teachers and parents report that students have been more focused, tried new challenges, and achieved better grades than in previous school years. Students report that they feel more confident in the core content classes. In a comparison of CrossRoads’ students to a national sample, MAP results indicate that students in single-gender classes at CrossRoads for the 2009-10 school year performed extraordinarily well, exceeding the performance of their counterparts in mixed-gender classes.

Our exceptionally well-qualified and dedicated teachers worked to provide students with an academic toolbox to prepare them for the secondary experience. Teachers aligned instruction with state standards through curriculum mapping and expanded its use of formative assessment to make informed instructional decisions. To address academic weaknesses, students participated in academic assistance twice weekly during the school day.

CrossRoads takes pride in its enthusiastic commitment to make sixth grade unforgettable for all of our students. We encourage your participation in the activities of our school and appreciate your continued support as we work to provide the best in educational opportunities.
