District Superintendent's Report

2010-11 was another successful year for the Latta Schools. Each of the schools strives to improve student performance and progress. Data analysis and individual student growth continues to drive decisions.

Latta Early Childhood Center completed the training and preparation necessary to offer a Montessori classroom. Their school-wide focus on reading and math instruction is designed to meet the individual needs of each of their students. Their goal is to have every child working on grade level before entering the second grade.

Latta Elementary School continued to improve test scores, and was once again awarded Palmetto Silver for overall performance. There is a school-wide focus on achieving maximum growth and improvement for each individual student. Their goal is to have every student working on grade level before entering middle school.

Latta Middle School also improved its test scores. They continued to offer single gender classes and provide opportunities for eighth graders to earn high school credits. With a better than 90% pass rate on the Algebra I End of Course exam, Latta Middle School is very pleased with the results.

Latta High School continued their tradition of excellence as well. They were awarded Palmetto Gold again this year for Closing the Achievement Gap. Accepted as an approved International Baccalaureate school, Latta High has begun offering IB courses.
