## Report of Principal and School Improvement Council

Green Sea Floyds Elementary is a caring learning community comprised of highly-qualified educators, hard-working students, and dedicated parents. We attribute our success in 2010-11 to our commitment of becoming a premier school where every student receives an excellent education.

At GSFE we strive to provide differentiated instruction to meet the needs of our diverse population. Through the use of PALS in child development and DIBELS in kindergarten and first grade, we constantly monitored students' reading progress. MAP was administered in second through fifth grade in reading, math, and language. By identifying the strengths and weaknesses of students on these assessments, charting growth, analyzing how and why this growth occurred, and providing a research-based curriculum through rigorous instruction, we moved students to higher levels of learning in literacy and math. The use of interactive content boards and timelines, science kits, student notebooks, and district benchmarks continued to strengthen science and social studies instruction.

Our work with PBIS has created a positive, safe school climate where everyone strives to be respectful, responsible, and build positive relationships. Students were recognized for making good choices and using appropriate lifeskills. Our school family participated in Relay for Life, Talking Trash recycling projects, Multiple Sclerosis Bike Run, and the Red Cross Blood Drive. We also collected can tabs for the Ronald McDonald House and Box Tops for Education. We have been blessed to have the support of a caring community as evidenced by the success of our clothes closet, Backpack Buddies, Super Student Celebrations, Angel Tree, and Good News Club.

The partnership between home, school, and community was vital to our success this year. Teachers received grants from local businesses and Donors Choose to purchase instructional supplies and interactive technology. Playground equipment, Smart Boards, student and faculty incentives, and field trips were funded through PTA. Stakeholders gave freely of their time to serve on decision-making committees that moved us closer to our vision of becoming a premier school. With this kind of support, our vision WILL become a reality at Green Sea Floyds Elementary.
