Printed versions are available from school districts upon request.

## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Brown's Ferry Elementary School's success continues to be grounded in a strong home, school and community culture that thrives on "Working In Harmony" and preserving the rich legacy of excellence and tradition that exists here.

At Brown's Ferry Elementary School, we strive daily to move each and every student to higher levels of learning. Student data is an important part of daily instruction at Brown's Ferry. PASS, MAP, DIBELS, running records, and individual probes are some of the information used to provide targeted instruction for students through use of a daily morning intervention block, flexible grouping, focus groups, and differentiated classroom instruction.

Throughout the year, we continually studied strengths and weaknesses of each child and charted individual courses of success. We analyzed where our students showed growth, why the growth occurred, and utilized research-based curriculum and instructional decisions so that all of our children were academically challenged. Combined with daily progress, teacher observation, and student work, we made decisions on how to best meet our students' needs. As a result, our students have shown academic growth in many areas.

While academics are our focus, opportunities to experience success beyond the classroom are available through school and community programs. Students participated in art contests, music programs, Jump Rope for Heart, Relay for Life, and Special Olympics. In addition, students were active participants in the community recreation department's sports programs. Students are recognized for their efforts, excellence, and positive behavior. Character education is a very important part of our school as well with teachers and administration emphasizing daily expectations and monthly character traits through PBIS.

The success of any school requires the support of an active Parent Teacher Organization, an involved School Improvement Council, faithful volunteers, and generous business partners. This year's PTO sponsored several events and raised funds to purchase additional supplies and materials. Our SIC led efforts to improve school grounds, increase positive behavior, and enhance community involvement. This year, our community and business partners assisted with several of these school projects.

We are very proud of our school and the positive environment that stimulates learning. It is a credit to the students, parents, and staff who work diligently to make each student successful. We truly have a special school environment as the result of home, school, and community "Working In Harmony."

Priscilla Duncan, SIC Chairperson  
Bethany Giles-Burgess, Principal
