REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Woodland Elementary School is fully accredited by the AdvancED Accreditation Commission and serves 1186 students in grades pre-kindergarten through fifth from a variety of cultural backgrounds. We are the third largest elementary school in the district and currently have the largest ESOL population. Each member of our professional teaching staff is highly qualified as defined by No Child Left Behind. Seventeen of our teachers are National Board Certified and thirty-seven hold Masters Degrees or higher. Our teachers work diligently to provide learning experiences that engage students in creative, rigorous, standards-based learning experiences that enable them to achieve to their highest potential. Woodland continues to promote student achievement in all areas of the curriculum. As a result of our district's 'Refresh' program, we have been able to enhance and update our technology school-wide with the addition of sixty-one teacher laptops, forty new computers in our lab and media center, ninety student laptops for class check out and three sets of Activexpressions. The addition of new technology will enable us to focus more on improved technology training for our teachers and students. We are extremely proud of the progress we have made in student achievement and are most appreciative for the hard work of our teachers, staff, students, and their parents. Looking forward, our challenge is to refine our implementation of effective strategies that will sustain our progress and meet individual needs as we continue to move student achievement forward. Our Parent-Teacher Association (PTA) and School Improvement Council (SIC) are involved in key ways at Woodland. They continually explore improved ways to recruit and retain parents and volunteers. We believe that utilizing the skills, talents, and training of our parents and volunteers further enhances our total school program effectiveness. The financial support, commitment to volunteer hours, and creative problem-solving abilities of our community partners enables us to enjoy access to opportunities that would not be possible otherwise. As a school family, we share a vision and belief that every child can achieve to their maximum potential if provided opportunities, support, encouragement, and love. We remain committed to that end.
