## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

During the school year, Grove Elementary continued to develop collaborative teams with a dedicated focus on strengthening instructional strategies to promote student achievement. Located in rural Greenville County, Grove serves over 600 students in grades K5 through 5. As planned, the partnership with Michelin North America expanded to include student clubs, as well as tutoring, mentoring, and several improvement projects within our facility.

Grove continues to incorporate programs that will impact our children and families. In an effort to educate the whole child, Grove pursued and has been accepted into three exciting programs. The first is the CATCH program, which encourages physical activity in the classroom, in physical education, and at home. It also promotes wise food choices in the cafeteria and at home. The final component involves families in learning about nutritional foods and their impact on learning. Grove is also a part of the State of South Carolina Fresh Fruits and Vegetables Program (FFPV). The school provides students with a fresh fruit or vegetable snack 3-5 times per week. Students learn about the nutritional value and importance of food on growth and development. Finally, Grove has committed to healthy lunches. The cafeteria team will participate in 40 hours of culinary instruction to provide fresh lunches and eliminate pre-packaged foods. Parents will be encouraged to provide healthy snacks for birthdays and celebrations.

Grove teachers have also initiated a pilot program in literacy instruction. Teachers have adopted and support instruction in small group settings and with proven strategies that specifically address individual reading needs. Grove has also included the literacy intervention programs, Response to Intervention and Reading Recovery, in the school wide plan. Based on Measures of Academic Progress (MAP), students receive leveled math intervention a minimum of 3 times per week.

Students in grades 3-5 have the opportunity to participate in school based clubs such as taebo, book club, gardening, volleyball, writing club, and double dutch two times per month. Clubs, held during the school day, are led by teachers or community volunteers.

We continue to provide the highest quality instruction to each of our students and to promote programs that assist students in the fulfillment of individual potential through the positive, creative, and challenging instruction guided by South Carolina State Standards.
