Report of Principal and School Improvement Council

McCormick Middle School continued to focus on building positive relationships with increased student success as the goal. Administrators and teachers visited the home of students to further strengthen the relationship between school and home. Parents and community stakeholders supported our school by volunteering, tutoring, serving on committees, speaking to students, providing job shadowing, and participating in the annual career fair.

Service learning projects included Relay for Life, "Soles for Souls", and food drives. Students participated in hands on career exploration experiences with the Jobs for American Graduates, Health Science Technology, and Building Construction programs at the high school.

The middle school curriculum offered students opportunities for more rigorous courses in Math and English. Eighth graders were enrolled in keyboarding. Our school continues to enhance the use of technology for all students. MAP Measures of Academic Program and Classworks are tools used to assist teachers in the teaching and learning process to ensure that the needs of the individual students are addressed.

Educating students is a collaborative effort. Parental involvement continues to be the key to a successful school. We had good parental attendance at the First Day of School America, Education Expo, and family fun day. It is through these and other experiences that the relationships we build will help us to obtain our overarching vision: Inspiring, Challenging, and Preparing our Students for Global Opportunities.
