Percent of expenditures for teacher salaries**	61.8%	Up from 60.3%	55.8%	61.2%
% of AYP objectives met	43.8%	Down from 88.2%	69.1%	80.5%

* Length of contract = 185+ days.

** Prior year audited financial data available.

EVALUATION RESULTS

	Teachers	Students*	Parents*
Number of surveys returned	39	36	34
Percent satisfied with learning environment	64.1%	86.1%	68.8%
Percent satisfied with social and physical environment	71.8%	77.8%	69.7%
Percent satisfied with school-home relations	38.5%	83.3%	77.4%

*Only students at the highest middle school grade level at this school and their parents were included.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Elloree Elementary School serves students of child development age through 8th grade. Ninety-five percent (95%) of our students receive free or reduced meals. The 2010-2011 goals that were implemented are those reflected in our most recent School Renewal Plan. During the school year, teachers participated in meaningful and ongoing professional development, workshops, and other state or local training opportunities. Additionally, our four (4) International Baccalaureate (IB) Magnet School coordinators attended an out-of-state training session. All professional development activities are geared toward instructional improvement and enhancement.

We continued the use of innovative materials and resources to support increased student achievement on the subtests of PASS in ELA, math, science, and social studies. We also enhanced instruction by continuing to utilize the district-wide literacy program, SIPPS (Systematic Instruction in Phoneme Awareness, Phonics and Sight Words Program and Making Meaning Reading Comprehension). This literacy initiative aims to ensure that every student becomes a fluent and proficient reader. This school year, elementary grades began using Math Out of the Box during math instruction as one of the initiatives to incorporate differentiated learning. Measures of Academic Progress (MAP) and benchmark testing were used to study strengths and weaknesses of students in grades 3-8 and to inform instruction.

In order for learning to be sustained during the summer months of 2011, our school participated in the district-wide initiative of the Summer Reading and Math Program. All students in grades child development through 8th received a back pack containing books with accompanying reading logs. A Math Problem of the Day Calendar for the months of June and July were also placed in the back packs. These calendars provide a math problem based on a grade level state math standard. The school district will provide incentives when school reopens for all students who successfully complete activities.

Through the collaborative efforts among school, home, and community, we will continue to create a positive, nurturing learning environment that fosters high expectations for all of our students. Our school's motto, "Excellence Without Excuse", means we strive for a high level of academic success for all of our students.

The school is now officially a candidate to become an IB Magnet School. With this initiative, students will be able to incorporate the latest in technology, will be exposed to and participate in the arts, will be exposed to two (2) foreign languages, and will develop tangible and marketable skills such as career awareness.
