REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2010-2011 school year proved to be another outstanding year at Fairforest Middle School. Our students and teachers celebrated many accomplishments this school year. Fourteen eighth grade students earned the right to be called South Carolina Junior Scholars for excellent performance on the PSAT. Sixty-eight seventh and eighth grade students will receive high school credit after passing the Algebra I End of Course Examination with a 93% class average. FMS Art students won several awards and displayed their work throughout the community. Our eighth grade boys basketball team was undefeated in the regular season and won the Peachtree Conference Tournament Championship. The Fairforest Middle School chapter of the National Junior Beta Club had over 200 members this year and together with Student Council, these students participated in community service projects throughout the year.

The faculty and administration of Fairforest Middle School revitalized the FMS R.E.A.D.S program and over one hundred fifty students were recognized for achieving the twenty-five book reading goal for the year. Throughout the year, teachers worked with school and district administrators to implement new technology, including the computer-based assessment tool, Study Island, in classrooms.

Teachers and administrators at FMS continue to make data-driven decisions to help improve instruction and student achievement. Through an extensive analysis of MAP, PASS, and Common Assessment data, teachers created goals and lessons for students based on their strengths and needs.

We are extremely appreciative of the support from our students, parents, and the Fairforest community. We look forward to another outstanding year during the 2011-2012 school year.
