Report of Principal and School Improvement Council

During the 2010 – 2011 school year, Congaree-Wood Early Childhood Center focused our collective energy on the goals and objectives of the School Renewal Plan. This allowed us to focus on literacy through the Developmental Reading Assessment administered in K5 and grade 1. Also, we focused on the Dial-3 Assessment used in our pre-kindergarten program in order to develop our children academically, socially, physically, and emotionally.

This year, we added two more teachers to our group of National Board Certified teachers. This brings our total to 15. Many of our faculty members are pursuing advanced degrees. We also participated in district-wide cohorts on Early Release Days six times this year. Faculty/staff members were able to sign-up for a topic they wanted to learn more about and participated from 1:30 – 3:30 on specific dates. We continued to work as a Professional Learning Community within our building as we met several times monthly to look at data, develop common assessments, share strategies and concerns, and celebrate successes.

We were able to establish one READ 120 room for first graders to support their development as readers and writers. Each of our 10 first grade classes was scheduled for 35 minutes, 4 days a week in a READ 120 room or selected children who were at-risk for reading proficiency were given instruction as individuals or in small groups. During this time, they received small group instruction in reading and writing on the appropriate level from 4 trained teachers. As we tracked data each 9 weeks, we were able to see the tremendous growth our children made. This experience has a direct impact on their progress toward DRA. We plan to continue to offer some type of support in literacy for at-risk children next year.

In order to support literacy and to establish a curriculum that would support the Response To Intervention Model (RTI) in grade 1, we purchased Leveled Literacy Intervention Kits for our READ 120 teachers to use. Through this curriculum, at-risk readers were able to gain the support required to be successful readers. Staff Development for all grade one teachers was held Spring of 2011.

We offered Staff Development in Habits of Mind in the Spring and Summer of 2010. Habits of Mind are 16 habits which allow all of us to behave intelligently when confronted with problems; the answers to which are not immediately known. These were featured at a Parent University, in newsletters, and/or morning announcements. We also offered Staff Development thru Fountas and Pinnell on Phonics instruction. A writing program at the early childhood level called Empowering Writers was also offered as staff development.

As a school, we participated in several service-learning projects. We collected personal health items to donate to RAPHA Nursing Home. We participated in Jump Rope for Heart through our PE Program collecting \$3,385.28. Through our cafeteria, we collected canned goods and donated them to the Harvest Hope Food Bank. We continued to collect aluminum can tabs to donate to the Ronald McDonald House Charities which reaches out to support families with critically ill children. We made an effort to be increasingly green in order to raise awareness for the need to recycle as good care-takers of our environment. Through these experiences, we support our children as citizens and promote character in keeping with our motto, "We are the Congaree-Wood Early Childhood Center EAGLETS – Watch Us Soar."
