District Superintendent's Report

In 2011-12 Clover School District continued to soar to new heights. Academically, the district and seven of its individual schools earned "Excellent" absolute ratings and two schools earned "Good" ratings. Clover School District was one of only eleven South Carolina districts to earn "Excellent" ratings two years in a row. All schools in the district achieved either a Palmetto Gold or Silver state award. Bethany Elementary School was named a National Title I Distinguished School for high academic achievement. First time HSAP pass rates rose again for the third year in a row and longitudinal HSAP pass rates reached a new high of 95.6%. Due to targeted programs at Blue Eagle Academy and Adult Education, the district's drop-out rate fell to an all-time low of 2.7%. Clover School District began its transition to the Common Core standards in grades K-2. Teachers at all grade levels completed numerous days of staff development throughout the year to learn the new standards. The rigorous new common core standards in math and English language arts will be shared by 46 states across our country. Full elementary implementation of grades K-5 is planned for the 2012-13 school year. In extra-curricular and co-curricular programs, Clover schools had several shining moments. The CHS Choraliers won their eighth straight state championship. The boys' and girls' soccer teams and the softball team were Region 3-AAAA champions. Robotics teams from Crowders Creek, Kinard, Clover Middle, Oakridge Middle and Clover High competed strongly in state and national robotics competitions. Fiscally, Clover Schools maintained its record of strong financial health. In 2011-12 the district awarded step raises to all staff, maintained reasonable class sizes (21:1 at the elementary level; 24:1 at the middle and high school levels), built and opened a large new addition to the Applied Technology Center for the career and technical programs, renovated eleven new science labs to state of the art standards, and added new computer labs to the high school. The district has continued to financially support teachers as they have earned their National Board Certification with a local stipend. As of summer 2012 a total of 100 Clover teachers have earned the prestigious national board credential, which represents 20% of the teaching staff of the district.

In April 2012, the district sought and received district-wide Southern Association of Colleges and Schools' national accreditation through AdvancED. After an intense internal self-study and external review team visit, all schools in Clover and now nationally accredited. The district earned four "highly functional" ratings in the areas of Vision and Purpose, Governance and Leadership, Documenting and Using Results, and Resources and Support Systems and three "operational" ratings in Teaching and Learning, Communication, and Continuous Improvement. In 2012-13, the district is looking forward to opening several new programs to meet the individual interests and needs of students. The high school will offer a new dance program and new AP Statistics course. The elementary schools will implement an after school tutoring program with extended day bus transportation and a new Jr. Blue Eagle program for students experiencing social and conduct issues at school. In all areas, Clover School District represents the best that public education has to offer as we strive to ensure that EACH child has what he or she needs to be prepared for a successful and productive future. Each child....Each day...EXCELLENCE!
