REPORT OF SUPERINTENDENT

Dear Parents and Community of Williston School District,

Thank you for your support of the educational programs of Williston School District 29 as we educate the children of Williston-Elko. We are committed to providing quality educational experiences for all students. Our commitment to excellence is grounded in three essential goal areas: Student Achievement, Teacher Quality, and Positive Climate. The essence of every action we take stems from the desire to continuously push our students to achieve more while providing the necessary knowledge, skills, and tools needed to be competitive in the 21st Century.

For our students to reach their potential it is necessary to train and support quality educators, develop a positive culture, and establish positive relationships with all key stakeholders. In short, we want to create an environment that instills the desire to achieve more. For students who struggle academically we provide classroom interventions, data driven instruction based on quarterly benchmark assessments, and computer-assisted learning opportunities.

We know that outstanding educators are the key to our students' success. The professional development program for teachers focuses on aligning the assessments to the standards taught in the classroom, enhancing instruction with training provided by a technology coach, guidance on utilizing sound intervention practices in the classroom, and developing efforts to create positive relationships with students, parents and the community.

Williston School District 29 is committed to providing technology driven instruction using laptop computers, interactive boards and document cameras daily. All schools are wired to provide internet connectivity. Wireless laptop computer labs and computer based programs assist with differentiating instruction and online credit-recovery programs for students.

The variety of activities provided students play a vital role in our efforts to educate all students. We continue to be competitive academically, athletically, and artistically throughout the region with both Kelly Edwards Elementary and Williston-Elko Middle Schools receiving the Palmetto Silver Award for academic achievement. Williston-Elko High School earned program accreditation through AdvancEd. The AdvancEd process is designed on a standards-based framework to feed continuous improvement and transform education on a global scale.

Lastly, the students of our graduating class of 2011-2012 earned \$1,431,870.00 in college scholarships.

Sincerely, Tom Siler, Ph.D., Superintendent
