Report of Principal and School Improvement Council

Forest Hills Elementary is located in the heart of historic Walterboro. Our current enrollment of 736 students includes a diverse population of students. Our students, faculty and staff have worked diligently once again to make the current school year a great success. Positive Behavior Intervention and Support (PBIS) was continued school-wide. We also continued with single gender classes in third, fourth, and fifth grade. NWEA's Measures of Academic Progress (MAP) test data was analyzed to drive our instruction and meet the needs of all of our students. Students, faculty, and staff participated in various community outreach events such as: Pennies for Patients, Food Drive in conjunction with Lowcountry Hospice to support a food pantry at local churches, and Jump Rope for Heart. Technology in the classroom was expanded through the continued use of SMART Boards for our entire first through fifth grade teachers by engaging students in active learning. Smart Document cameras continued to be used by our teachers. A math remediation period was held each morning for 30 minutes for every student in our school to work on math skills. Differentiated instruction was provided through small, flexible groups and provided intervention and instruction based on students' MAP scores (Measure of Academic Progress). Our teachers worked diligently to provide data driven instruction to meet the needs of our students. Student progress and success were celebrated through perfect attendance, honor roll and quarterly recognition ceremonies. Forest Hills Elementary is a school where positive attitudes are working together for success!

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
