Report of Principal and School Improvement Council

Fountain Inn Elementary continues to grow and establish itself as an effective Professional Learning Community. Students are empowered to succeed through a process of teach, re-teach, and re-do so that their success can be accurately measured. Our staff is involved in ongoing staff development for increasing their level of proficiency and effectiveness in the classroom. Collaborative planning and the use of common assessments are in place throughout all grade levels and curriculum areas. Our students have continued to thrive and make significant academic gains as based on MAP testing and Benchmark testing. Our students are engaged in the school community, and opportunities such as The National Junior BETA Club offer our students the abilities to serve beyond our school walls. Our school is in its fourth year as a PBIS school where high expectations for behavior and student achievement are in place and students continue to rise to those expectations. With an expectation of excellence in the classroom, student referrals continue to decrease while time on task and a level of focus on academics increases. Our students at Fountain Inn Elementary continue to make significant academic gains. MAP performance shows that our student performance exceeded our goals of 66% in Reading and 74% in math making their RIT goals. Once again this year our school was recognized as a recipient of the Palmetto Silver Award for increased student achievement. Additionally we were recognized as a South Carolina Safe Kids School and we are a recipient of the Red Carpet Award from the state of South Carolina. Our parents and community continue to be a driving force in their support of our academic program. With a continued focus on strong collaborative planning and excellence within the classroom, together teachers, students, and the community as a whole will continue to exceed our levels of expectation for excellence in the 21st century.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
