## Report of Principal and School Improvement Council

Sterling's School Improvement Council (SIC) has been working hard this year to help shape the direction of Sterling. The following report outlines much of what has been done this year by SIC highlights a few of the many accomplishments of Sterling. A key focus of the SIC was on school culture. We conducted multiple brainstorming sessions and developed a concrete understanding of how we hope to see Sterling's school culture develop over the next five years. The tag line "where the uncommon is common" came from those brain storming sessions on school culture. We feel it does a great job of capturing what is unique and wonderful about Sterling, its students and teachers, as many wonderful, uncommon things happen at Sterling every day. However, this sentiment transcends school culture and represents all aspects of the school. Through our brainstorming over several sessions we developed a list of many items that we felt were indicative of the current culture as well as the culture that we want to see develop and flourish at Sterling School. Upon reflection, we realized that these lists of items fit neatly into two key objectives: inclusiveness and experiential learning.

**Inclusiveness:** Through this objective, the school seeks to create an environment in which students, teachers, parents and community members feel accepted and a part of the school. Inclusiveness values these roles and also appreciates and values the differences that each individual brings in fulfilling their respective roles.

**Experiential Learning:** Through this objective, the school seeks to encourage students and teachers to engage in the learning process in a manner that allows for learning from and through failure, risk taking and trial and error. This is consistent with the currently used approach of inquiry based learning, as many of the characteristics are seen in the current teaching. However, there is a desire to see this approach expanded, encouraged, and emphasized. Accomplishments The school staff, PTA and School Improvement Council has been involved in the review and assessment of the Strategic Plan. In 2011, Sterling School received the Gold Award for General Academic Performance and the Silver Award for Closing the Achievement Gap. Finally, for the fourth year in a row, Sterling had a Top Ten Teacher of the Year Finalist. (Ms. Sara Newell 5th Grade)

## ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
