Report of Principal and School Improvement Council

Instruction, Integrity, and Improvement" was the theme for Rice Elementary this year. The students and staff made great strides to meet this goal. Rice was focused on student improvement. We made gains on MAP in math and language arts in every class in first through fifth grades. The staff, students, and parents created a learning community that felt like a family. Everyone focused on doing what was best for children. Rice teachers participated in classes, workshops, and attended conferences to enhance their instructional skills. Additional collegial planning times allowed grade-level teams to plan lessons to assure that the students were receiving consistent standard-based instruction. This professional learning community allowed for growth within the classroom, further meeting the needs of all students. We are proud to be a PBIS School. Rice continued to focus on balanced literacy, incorporating technology into instruction, and authentically engaging students. Improving parent involvement continued to be a focus of Rice's faculty and staff. We offered events throughout the school year. Rice maintains an open door policy when it comes to meeting with our families. We had tremendous participation in Grandparents' Day, Community Nights, PASS Night, and PTO meetings. Students were involved in community service projects throughout the year including: a recycling program, United Way, American Cancer Society, and food drives. We also had tremendous support from the community helping with Roots and Shoots, our educational garden, as well as our Reading Celebrations. Students are encouraged to take on responsibilities when it comes to our school community by not only participating in and operating the morning WRIC news program, but also participating in our safety patrol. Rice is very proud of our accomplishments this year. We have new challenges that we will face next year. We will continue to focus on student achievement. Rice knows that "The Future is Our Frontier".

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
