Report of Principal and School Improvement Council

Ebenezer Avenue Leadership Academy students are working through the process of becoming motivating, compassionate role models who will apply good communication skills as visionaries and leaders of tomorrow. Our goal is to continue to provide a solid foundation and elite opportunities for our student leaders each and every school year. Students in grades pre- kindergarten through sixth have been formally introduced to the school's leadership focus and, this year, began establishing their individual and group leadership roles and responsibilities. The school community has embraced the concept and new partnerships have been developed as a result of businesses volunteering to support the initiative. During the 2011-2012 term, the newly added sixth grade students successfully implemented the district's first student-led leadership conference for student leader representatives throughout the district. We are dedicated to our new school-wide focus and as a result, our students are truly "Leading the Way!"

This school year has been a tremendous success for everyone involved in the educational journey of our students. Our PTO sponsored the first "Family Fun Run" as a healthy option to raising money for the school as well as held many other supportive events! Winthrop University conducted scheduled classes for physical education majors on Ebenezer Avenue's campus for the first time in the history of the school. Learning was heightened to a new level and expanded beyond the walls of the school due to the support of PTO, SIC and business partnerships! The incorporation of new technology such as iPads and sponsorships of field studies allowed the curriculum to come ALIVE for the students. We are very thankful for our parent volunteers and business partnerships!

In order to further our quest to increase academic success and recognize the important role that effective leadership skills play in educating our students, we invite you to join us in leading our leaders of tomorrow!

Sandra McDonald, SIC Chair

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
