Report of Principal and School Improvement Council

The Board of Directors of MLD Higher Learning Academy would like to congratulate its students, teacher's parents and staff on a very difficult but successful year! We will continue to fight for our children to have a choice regardless of their economic status. We know that with the district's continued support MLD Higher Learning Academy will raise to the top. We also like to thank our State Curriculum Coordinator, Patricia Smith for all of her guidance and direction this year. MLD Higher Learning Academy is in compliance with the state charter school law and with our charter. The school graduated its SEVENTH eighth grade class this year. We are currently serving grades K4-8th this school term. The school is operating financially sound and is in the progress of building a new facility this school term. MLD Higher Learning Academy will continue to be lead by, Mr. Ennis Bryant, Sr. In addition, the school maintains an impressive list of teachers. The teaching staff represents over 125 years of experience in the educational field. Teachers and students worked hard all year. The students, lead by our capable staff, have provided community outreach events in various ways, thus fulfilling the mission of our school. This year 87% of our students made gains in math and 84% made gain in ELA on the MAPS assessment test. We are so proud of our children. We feel positive about the growth and development of our new school. We feel that we have successfully touched the lives of many of our students and parents. MLD Higher Learning Academy is a community based charter school which will be serving K4 through 8th grade during the 2012-13 school term. Because MLD is a community-based school, its programs are tailored directly to the expressed needs of the community. MLD aims to provide education that is "holistic" and "experiential". We focus on presenting activities that keep children focused on their studies and fully engaged in their achievement. At MLD, children get an education that is "innovative" and "progressive." Our children deserve a free 21st century education and MLD Higher Learning Academy will provide just that: a quality education that will enable students to be highly competitive, successful members of a global society. MLD Higher Learning Academy's mission is to work in partnership with parents, teachers and elders of the community to ensure an academically challenging, developmentally appropriate, experiential, holistic, child-centered education to all young people. We nurture a passion for learning that will last a lifetime as we challenge our students to discover their individual gifts, to honor their inner worth, to strive for excellence, to pursue respectful and ethical relationships among themselves and others, and to find their path in life. We will accomplish our goal by establishing academic excellence, providing a moral focus and obtaining parental involvement. Thank you for having a successful three years. We know that with your assistance, we will continue to have a positive impact on the educational scene in Lee County.

George William, Board Chairman
 Benita Robinson, Executive Director
 Ennis Bryant, Principal

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
