REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2011-12 school year has been exciting and successful. The focus continues to be implementing the "Malcolm Baldrige Model" for continuous improvement, becoming a data driven school, improving student achievement, and creating professional learning communities. Under the Baldrige Model, students develop academic and personal goals for each nine weeks using fall assessments. After goals are set, action plans are written under the guidance of an adult mentor: principal, counselor, teacher, or parent. The students track their progress in a data notebook. The initiative for our school was continued implementation of the Response to Intervention Model School wide. Teachers were trained to implement researched based reading intervention programs, (Soar, Early Success, Early Reading Intervention) to improve student achievement in reading at all grade levels. Teachers also implemented additional math intervention using Math Out of the Box and SRA Number Worlds. Programs operated five days a week. Students were monitored using 11 and 15 day probes. Teachers met with the leadership team to discuss student progress and made decisions regarding next steps for students. Quarterly evaluations were completed by the collaborative teams to assure that all students were being challenged. Students attended the computer lab weekly and daily to participate in a program entitled Compass Learning that addressed their needs from MAP results. Teachers continue to teach Essential Questions in science and social studies for the purpose of creating activities that are more aligned with state standards. For the fourth summer, SCE will provide rising 5K students a learning experience through First Steps. Summer programs for other students were cut due to budget decreases. This year the school featured a related arts showcase in the area of art, music, and physical education which involved many of our students. The school presented to parents a video of the school year by class at the annual Film Festival. It was a huge success! The major barrier continues to be our transient student population. Our faculty and staff continue to create a positive and stable learning environment. The school's previous awards are the "Red Carpet Award" for a welcoming atmosphere, Closing the Achievement Gap, and the "Exemplary Writing Award". For the third year, SCE won the Safe Kids Award for providing a safe environment for all students. SCE completed its second year of PBIS. For the third year, SCE accomplished AYP. We continue as a Title One School which provides additional instructional assistance to children in reading and math, reduced class size in grades one, two, three, four and five, a reading teacher and math teacher. We continue to experience a sense of accomplishment because our students make continuous gains each year.
