Number of surveys returned	27	60	39
Percent satisfied with learning environment	96.3%	64.4%	89.5%
Percent satisfied with social and physical environment	100.0%	71.2%	84.6%
Percent satisfied with school-home relations	100.0%	75.0%	92.3%

*Only students at the highest elementary school grade level at this school and their parents were included.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Pacolet Elementary School is a diverse, rural school located within the town of Pacolet that serves over four-hundred students from pre-kindergarten through fifth grade. PES offers a three-year old child development center coupled with a one half-day four-year old kindergarten program. During the 2011-2012 school year, our school motto, "Saddle Up For Success", was created through the collaboration of teachers, staff, parents, and students and proved to be a driving force in our new initiatives.

One of our major initiatives for 2011-2012 was the continuation of a K-8 instructional model between PES and the Middle School of Pacolet that brought teachers, staff, and students together to improve curriculum and transitions, share curriculum, align field study experiences and school calendars, create student mentor programs, and create a sense of family between the two campuses.

Our school has joined hundreds of schools throughout the world in adopting the internationally recognized Olweus Bullying Prevention Program, a leading research-based program to prevent bullying. It has proven it can reduce bullying and make schools safer, happier places for students to learn.

Our School Improvement Council (SIC) and Parent Teacher Organization (PTO) were very involved in decision-making at our school. Members of these organizations included principals, teachers, parents, and community leaders who met quarterly to share concerns and ideas for improvement. As a result of their planning, our instructional, volunteer and positive behavior programs throughout the year were enhanced and improved.

The continued use of the Measures of Academic Progress (MAP) assessments provided a vital tool to measure student progress for students in grades one through five. The results of MAP gave teachers and parents detailed information to determine each child's strengths and weaknesses in reading, language, and math. Analyzing these results allowed us to make instructional changes in order to benefit each individual student in an immediate and well-informed manner.

The commitment of all stakeholders in the Pacolet community has assisted in the continued increase of student achievement, a positive school climate, and led to several school awards – the state Palmetto Silver Award for student achievement and communications awards from the South Carolina chapter of the National School Public Relations Association. It is with great PANTHER PRIDE that we share these accomplishments with you.
