Report of Principal and School Improvement Council

Palmetto High School has experienced another outstanding year academically and in our extra-curricular pursuits. We received an Excellent rating on the SC Report Card due to the efforts of our staff, students, parents and stakeholders. We appreciate the support of all of our stakeholders and let's continue the teamwork crucial for sustaining our success. It is learning that is goal number one and we believe for students to become well-rounded we must all be like-minded and unified in our efforts so they can reach their best individual potential.

The mission of Palmetto High School is to create a family-friendly learning environment where we care about each other, build character, learn curriculum, and develop citizenship. To that end, we strive to be educable, ethical, responsible, and accountable. For us, success is defined as giving our best each day in an attempt to become all we are capable of.

We envision our school as a place where: the student is the focus; students have an innovative, progressive, and student-focused experience; ethics, values, respect, and hard work are modeled; high standards are established and attained in a nurturing environment; care is the focus, curriculum is mastered, and diversity is embraced; the faculty will do whatever it takes within ethical limits to help our students; challenges are embraced and change is inevitable; the faculty never gives up on a student; students are prepared for a globally competitive, ever changing, information minded world; students are embraced where they are, and inspired towards self-improvement; and, students feel welcomed and nourished academically, emotionally, and culturally.

We believe the following: our students are positive, productive members of the community; all stakeholders are accountable for individual and group goals; relationships are critical for our success; learning is more important than teaching; reflective teaching is employed; "success and nothing less" is expected and modeled; anything is possible through hard work and self-motivation; innovation is critical and yearly we need to challenge our beliefs and purpose; students may take varied paths to meet their educational needs and goals; extra-curricular experiences are vital for a well-rounded student; and, we love each other, help each other, and look out for each other.

Many positive things occur within the walls of Palmetto High and in our extension opportunities. We currently utilize the Power of I, Mastery Learning, and as much technology as we can purchase to create a great learning environment for our students to succeed. Let's continue to have a passion for learning, a purpose to make learning happen, and pride in all that we attempt.

We have much to be thankful for and to be proud of as a Mustang and let's have another great year.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
