Report of Principal and School Improvement Council

The 2011-12 school year was another successful year at Manning High School. There were 22 honor graduates in the class of 2012, which means that 14% of the graduating seniors earned at least a 3.62 cumulative average during their high school careers. Students earning a state High School Diploma are required to have 24 units. Forty percent (40%) of the senior class, a total of 61 students qualified for either Hope or Life Scholarships, which will provide \$2800 - \$5000 per year towards college at any in-state institution, provided students are able to maintain a 3.0 grade point average in college. Students in the class of 2012 earned approximately \$3,812,590.00 in scholarships to post-secondary institutions.

Manning High School is very pleased with its dramatic increase in enrollment in the College Credit Program through Central Carolina Technical College. We increased our enrollment from 33 students the previous year, to 141 for the 2011-12 school year. The college credits earned will transfer to any public or private college in the state of South Carolina and to many colleges outside of the state. These courses are offered at no cost to the students. We highly valued our continued productive relationship with Central Carolina Technical College.

Manning High School continues to utilize the APEX Learning System in our school to assist students. APEX Learning can also be referred to as Credit Recovery, which allows students who failed a course to retake the course via internet. We are striving to increase our graduation rate and lower our failure rate by utilizing this program. The program is offered during the school year and during the summer months to all students in need.

The 21st Century has already presented an array of challenges for our local community, state, and nation. Our society recognizes that education is key to creating a skilled work force, which is essential to our future prosperity.

Manning High School is committed to improving our technology in our classrooms to better prepare our students for a productive future. We currently have 88% of our classrooms utilizing SMARTboards and Promethean ActivBoards, increasing student preparation and accountability in the classroom.

The faculty and staff of Manning High School encourage the entire community to remain engaged with us as we work to educate our youth. Our national common core standards are the new criteria in which our students must master to remain competitive in our global society.

J. Preston Threatt, Principal

Ms. Sherial Pearson, SIC Chairperson

Thank you and have a great day!

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	49.2
Overall Grade Conversion	F

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the state's expectations

Accountability Indicator for Title I Schools

Manning High School school has been designated as a:

- Title I Reward School for Performance - among the highest performing Title I schools in a given year.
- Title I Reward School for Progress – one of the schools with substantial progress in student subgroups.
- Title I Focus School – one of the schools with the highest average performance gap between subgroups.
- Title I Priority School – one of the 5% lowest performing Title I schools.
- Title I School – does not qualify as Reward, Focus or Priority School.
- Non-Title I School – therefore the designations above are not applicable.
