Report of Principal and School Improvement Council

Whitmire Community School is a PreK-12 school located in the midst of the Sumter National Forest of northern Newberry County. Whitmire is commonly known to the state as the Pearl of the Piedmont. In 2003, the School District of Newberry decided to combine Whitmire Elementary (Pk-6) and Whitmire High (7-12) to form Whitmire Community School. WCS is accredited according to the AdvancED Standards for Quality, formerly known as Southern Association of Colleges and Schools (SACS). WCS is an SREB/SDE High Schools That Work site and has also been recognized by the Palmetto Gold and Silver Awards Program.

Our classroom instruction is based on South Carolina curriculum standards with our focal point being reading and writing instruction. Reading and writing instruction is integrated across all content areas and the responsibility is equally shared by all stakeholders. Teachers across all content areas recognize "Writers of the Month" each quarter at success assemblies. Such programs and initiatives as Family Message Journals, the Wee Delivery Postal System, author visits, Reading with the Wolverines, Reading with the Gamecocks, Read Across America Week, and Teen Read Week provide authentic writing and reading opportunities throughout our school and community.

We continued to implement the Measure of Academic Progress (MAP) assessment program for grades 1 through 10 to measure student growth in Reading, Language Usage, and Mathematics to identify each student's strengths and weaknesses to make instructional decisions. Our Leadership Team will analyze data and have meetings with grade-level teams and content-area teachers concerning student performance on MAP, PASS, HSAP, SAT, ACT, Odyssey, A+ Software, EOC, Dominie, and classroom assessment to establish goals and objectives for ongoing school improvement. A focus for professional growth continued to be creating assessments that are on target with state standards. A daily enrichment period was scheduled for grades 3-8 along with ELA/Math Lab classes for 9-12 students.

WCS continued to take advantage of the available technology such as Smartboards to integrate technology into daily instruction. Teacher shared with their peers a variety of instructional and technology strategies and best practices. Staff members are required to meet technology requirements for professional development and recertification.

We will continue to promote our unique PK-12 setting, use it to the advantage of student achievement, and work toward our mission of providing a safe, nurturing environment and collaborating with families and the community, to prepare all students to be Wolverines Committed to Success.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.

Overall Weighted Points Total	91.4
