Report of Principal and School Improvement Council

The 2011 -2012 school year at Dreher High School was distinguished by high levels of achievement in academics, arts, athletics and service at the local, state and national levels. The Class of 2012 raised the bar for future students by earning over 21 million dollars in scholarship monies. Among our seniors were six National Merit Finalists, one National Merit Semi-Finalist, two National Merit Commended Scholars and three National Achievement Finalists.

Standardized test score improvements include strong growth in the End –of-Course exams in English I and Biology. Literacy efforts continue with the addition of new electives designed to use both print and computer resources as classroom tools.

ACT and SAT scores demonstrated gains. Our AP Academy students took over 400 exams in sixteen courses and also registered gains with the highest increases coming for our African –American students.

Our Academic Decathlon team repeated as state champions. The robotics team again qualified and placed at the national championships after being the only team to repeat as winner of the Palmetto Regional Competition.

In the arts, Dreher's performers were named to all-state band, orchestra and drama ranks. One student was named as the state's "Best Actress" by the S.C. Association of Drama Teachers. Outstanding performances included the drama productions of "Almost Maine," "How to Succeed in Business Without Really Trying," and the capstone senior directing projects of our fourth year drama students. Dancers delighted record crowds, including local elementary children, in "The Princess and the Frog" and senior choreography performances. Guitar, keyboarding, chorus, world music, and visual arts through three levels of AP studies provided all students opportunities to appreciate the fine arts which are vital to our school program.

2012 was a banner year in athletics as the Blue Devils claimed state titles in women's basketball and men's track at the AAA level and individual state championships in women's track. One of our runners made history by being the only runner in state history to win state championships for four consecutive years in two events.

Collegial groups and HSTW committees focused on literacy and on the grading process with the privilege of working with Dr. Lynn Canady, nationally recognized scholar and researcher from the University of Virginia. A wide variety of community and business partnerships such as the Rotary Club, 100 Black Men, Shandon Methodist Church, Five Points Merchants Association and Palmetto Health, brought opportunities for new resources, scholarships and service opportunities.

We proudly serve our diverse community and look forward to the future achievements of the Blue Devil Nation.

Respectfully submitted,

Jeanne Stiglbauer, Principal

John Trump, School Improvement Council Chairman

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	88.0
Overall Grade Conversion	B

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the state's expectations

Accountability Indicator for Title I Schools

Dreher High School school has been designated as a:

- Title I Reward School for Performance - among the highest performing Title I schools in a given year.
- Title I Reward School for Progress – one of the schools with substantial progress in student subgroups.
- Title I Focus School – one of the schools with the highest average performance gap between subgroups.
- Title I Priority School – one of the 5% lowest performing Title I schools.
- Title I School – does not qualify as Reward, Focus or Priority School.
- Non-Title I School – therefore the designations above are not applicable.
