REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Battery Creek High School (BCHS) – Where Dolphins Make A Wave Every Day, is located in a rural area that is north and west of the city of Beaufort, . We are one of the five public high schools in Beaufort County that is demographically 49.0% Black, 38.2% White, 9.3% Hispanic, and 3.5% Other. While we continue to predominately operate on an AB block schedule, we also have a few classes that meet daily. Our basic structure is driven by a focus on the selection of career majors.

For the fourth consecutive year, we have honored parents for making our “Parent Honor Roll.” Parents, by continuing to fulfill criteria established in support of discipline, attendance, and academics, were recognized during each of our school’s two semesters. More than three hundred parents were honored for making the honor roll for positively impacting the lives of students by supporting our school’s efforts or by simply being supportive of their children.

Driven by the pursuit of providing an optimal learning environment that will promote the greatest opportunities for students to achieve his or her intellectual and creative potential to graduate with a clear path of action to become a productive citizen, our Leadership Team and all staff members have worked diligently to implement the concepts of career academies. While implementing the TAP program at BCHS for the first time this past year, we also intend to build on our successes. Among the successes were impressive improvements in end-of-course exam results in Biology and English 1. Also impressive was a significant High School Assessment Program (HSAP) Exit Exam first-attempt passage rate improvement. To enhance the likelihood of successes, we continued to employ our quarterly celebrations of student achievement, utilized pull-out programs, analyzed benchmark testing data to develop strategies for addressing areas of academic challenges, and offered extra help after school hours via Alternative Technical Assistance (ATA) funding. We implemented a new initiative known as “Biology Blast” and continued the execution of our Drop Everything and Do Math program. Stakeholders are continually invited to share in the recommendation of the most effective use of funds to improve student achievement. Our School Improvement Council (SIC) and PTSO, in particular, continue to be deeply involved in decision making.

Extracurricular activity participation, with renewed high-level student desire to participate in our student activity programs, was remarkable. Many of our seniors earned academic scholarships, and a good number of seniors were offered scholarships to participate in collegiate athletics. Two of our seniors were State champions. David Ratiiff, for the second year in a row was our State’s AAA heavyweight wrestling champ, and Gretchen Brown was our State’s AAA high hurdles champ. Gretchen was also recognized as the SC Women’s Coaches Association AAA Female Track Athlete of the Year. Our MCJROTC program maintained its recognition as a flagship cadet training organization throughout our State and was proud to be informed that the program was recognized as an honor school for the nineteenth consecutive year. With pride, our motto: The Creek – Where Dolphins Make A Wave Every Day, continues to be an expectation.
