REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The mission of Lugoff-Elgin High School is to give every student the opportunity to succeed in an increasingly complex society. Our slogan this year is "Lead By Example." Our focus this year has been on Work-based learning, higher expectations, and data-driven decisions. To achieve this focus we have expanded our senior project to involve more students and to bring in more grade levels and courses.

Our Senior Class of over 350 graduates earned \$5,034,022 in scholarships, had 87 honor graduates and 49 district academic honors medalists. Nearly two-thirds of our graduates will continue their education through a variety of colleges and universities. Seventy-one students earned LIFE scholarships. Almost 50 of those graduates enlisted in one of our military branches to serve our country.

Our ninth grade started a program, ZAP (Zeros Aren't Permitted), this year in conjunction with the freshman orientation class, High School 101. This addition has caused our failure rate to decrease by 3% and our freshman class GPA to improve by over one point. We partnered with the Alpha Center to address our student attendance issues with a focus on truancy. We observed a dramatic reduction in truancy cases within this school year. Our percussion ensemble was one of eight groups selected to participate in the Music for All national program this spring. They performed on the national stage in Indianapolis.

We are proud of Nicole Schnibben, English teacher, District teacher of the year. Ms. Schnibben leads by example everyday with energetic instruction and strong commitment to literacy. She is the leader of the Ninth grade transition team. We are also proud of our science teacher, Dr. Holly Sullivan, who was selected for the Presidential Award for Excellence in Math and Science teaching for South Carolina. Dr. Sullivan is one of the 27 teachers at Lugoff-Elgin High School who have earned national board certification.

As in all other aspects of our lives, technology plays a major role at LE, and we led the district by conducting a pilot using Google Apps. The calendar, sites, and docs created a new level of collaboration among faculty, staff, and students. The program promoted the inclusion of 21st century skills into every class.
