REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Newberry High School embarked on a new journey this year as a result of receiving the School Improvement Grant that was written to help with the transformation of Newberry High School. A redesigned Freshman Academy was offered to all of our first time ninth graders. Students were afforded the opportunity to maximize instructional time through a traditional daily schedule for their core subjects and they also had a gender-based Freshman Focus class that met daily. As a result, we saw improved End of Course Test Scores on Algebra I and English I. Working diligently with instructional coaches in the areas of literacy, math and technology along with consultants from The Leadership and Learn Center, faculty improved classroom instruction.

NHS continued with the transformation by competing aggressively in academics, arts, athletics, and community activities. The 2012 graduating class earned a total of \$762,850.00 in scholarships and fifty-one percent of the graduating class qualified for LIFE scholarships at a two- or four- year institution. The Senior Beta Club placed second in Group Talent and one student placed second in the colored pencil drawing category. NHS had two students to receive awards in the NCDA Poetry and Poster Contest. One student was a state winner and the other was a regional winner. Many of our athletic teams advanced to the state playoffs. We clinched the AA Upper state Championship in basketball and one of our track students finished third in the state for shot put. The NHS Blue Brigade earned an Excellent Rating at the Upper State Competition. Our students participated in Relay for Life, Pennies for Patients, the Pink Out for Cancer Awareness and Santa's for Seniors.

There was a school wide focus on power strategies for effective teaching and the steps to a balanced math program. We will continue to build upon these strategies to improve student achievement. A Data Room was created to provide teachers with the opportunity to analyze MAP data. Teachers were also given the opportunity to attend professional development in our district that related to both instructional strategies and classroom technology integration.

We are proud of the efforts of our students, faculty/staff, and our parents. We will continue to work together to pursue the standards for excellence at NHS!
