REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The A. C. Flora School Improvement Council is very proud of the achievements that our students have made throughout the 2011-2012 school year. Our students have risen to the challenge of taking more rigorous courses and have excelled as a result. To keep up with the students, our faculty and staff have been attending various training sessions and professional development activities to create a more innovative classroom environment. Faculty members also spend time outside of school advising different academic teams such as the Math Team, ROTC, Model United Nations, Youth in Government and National History Day. This year, these teams have competed from Columbia to California.

This school year, SIC focused on Literacy and how to help all of our students to be successful. We spent time looking into areas that needed more resources and implemented new programs to prevent students from repeating or dropping out. As a result of programs such as Falcons in Flight, Read 180 and E2020 test scores have increased since this past fall. All of these programs are designed to meet the individual needs of a student with help from a faculty advisor. Many of these students meet weekly with a faculty member to assess their grades, attendance and any issues they may have.

SIC also promoted drug and alcohol awareness related to health, law enforcement violations and school district policy. Partnering with the Richland County Sheriff's Department, Richland County Solicitor's Office, LRADAC and the Richland County Family Court, SIC facilitated a Community Forum on March 1, 2012. Over 200 attendees listened and asked questions concerning the different types of drugs and alcohol that are available today and the consequences of taking and being caught with these substances. We also held programs for each grade level on drug and alcohol usage that was led by LRADAC.

Your School Improvement Council is committed to insuring that every student who walks in the doors of A. C. Flora has the appropriate resources and support to thrive in today's competitive society.

Joy J. Taylor, SIC Chairperson
Richard K. McClure, Principal
