Report of Principal and School Improvement Council

Guided by the principles of Dr. Maria Montessori, East Cooper Montessori Charter School (ECMCS) offers an authentic Montessori education to elementary and middle school students in the Charleston County public school system. ECMCS is the only public charter school in the state of South Carolina serving students in both an elementary environment and middle school environment and has become a model school for new Montessori Charter Schools.

The mission of ECMCS, in part, is to provide a rigorous Montessori education that guides children toward academic excellence and a lifelong love of learning. The school fulfills this aspect of its mission by offering an enriched and cultural curriculum that incorporates and extends district, state and national standards. Students develop their abilities by posing questions, designing investigations, and gaining skills necessary to express and pursue their own research interests. Scientific and mathematical aptitudes, appreciation of history and timelines, literacy across disciplines, and the development of a student's humanity toward the local and global community are all part of the curriculum at ECMCS.

The second part of the school's mission is to encourage stewardship of the greater community. Starting in the first grade, all of our students devote at least 20 hours to an individual community service project called the Yearlong Peace Project. Standout projects this year that made a particularly notable impact on the community at large were the Oyster Bed Restoration project through the DNR, "Team Tortuga" that adopted a second turtle at the South Carolina Aquarium, and the "Keys for Hope Organization" that built a formal organization to manage the exponential growth of their fundraising efforts supporting Crisis Ministries. Parent volunteerism is an integral part of the success of ECMCS and sets the example for students. Parents served nearly 6,000 hours on the school board and committees, helping out in the classrooms and researching community resources to support the school's mission.

The consistent and professional leadership of the Governing Board and school administration remains a cornerstone of its success. The school, like all public schools, must continue to do more with less. Our fiscal conservatism and solid strategic planning has allowed the school to expand its facilities in order to better accommodate the extensive wait list.

The 2011-2012 school-year was filled with many significant accomplishments. The school was again awarded the Palmetto Goal Award; opened two new classrooms creating 50 more seats for CCSD students and was selected for as a featured school site for the documentary Montessori on the Move. The school offers gifted education in an immersion setting instead of a pull-out model. All ECMCS lead teachers are required to be endorsed in Gifted Education in addition to being state certified in the area of instruction as well as Montessori certified. The school's greatest success is seen in the success of its students.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	100.0
