# Report of Principal and School Improvement Council

Rollings Middle School of the Arts served 650 artistically gifted students from Dorchester School District Two in sixth through eighth grades during 2011-2012. The staff consists of 45 certified faculty and 18 classified employees. Students spend equal amounts of time each day in four core academic courses and a core art course (band, dance, piano, strings, theatre arts, visual arts, or vocal music). Because a high proportion of students are also academically gifted, all of the teachers at RMSA are GATE-endorsed or in the process of completing GATE courses. Core academic teachers create innovative lessons which infuse the various art disciplines. These practices make learning relevant to our students and allow teachers to meet students' specific needs.

Our students continue to excel with the help of faculty members who focus on rigor, relevance, and relationships. RMSA received the Palmetto Gold Award because of overall student performance based upon the state report card's absolute and improvement ratings of "Excellent." Additionally, receiving the "Closing the Achievement Gap" award recognizes our commitment to teaching each child to their fullest ability. Our students excelled in many academic competitions including QUEST, Math is Cool, Geography Bee, Spelling Bee, Reflections, and Math Counts. The RoboKnights robotics team competed at the "Robots in Paradise" world event in Florida. Our sports teams also were highly competitive with volleyball, softball, and baseball teams winning district championships.

We are proud of our school's intense focus on data-driven decision-making. Teachers utilize data from benchmark tests to track student's progress. These tests allow teachers to identify strengths and weaknesses of students based on the state curriculum standards. Administrators use the data to spark discussions with teachers about instructional decisions within their classrooms.

RMSA will implement a student leadership program based upon "The Seven Habits of Highly Effective People" beginning the fall of 2012. The RMSA faculty is actively participating in the training and will enthusiastically teach the skills to our students. The acquisition of these skills will serve our students in high school, college, the workplace, and beyond.

Rollings PTSA reached 100% membership again this school year and recorded an excess of 2100 volunteer hours. Parents, teachers, and students combine to make RMSA an excellent, family-friendly school with high expectations and quality results.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.

Overall Weighted Points Total	100.0
