**Report of Principal and School Improvement Council**

As principal of Rosemary Middle School, I am extremely proud of our many accomplishments this year. We are very proud of the involvement of our PTSA (Parent, Teacher, and Student Association), SIC (School Improvement Council), and our partnership with various businesses in the Andrews area. We appreciate the support of our parents and community. Their dedication and commitment to our school has made a positive difference for our staff and students.

Our students have worked particularly hard this past school year. We look forward to achieving AYP and are very proud of receiving The Palmetto Silver award last year. We also have experienced continuous growth as it pertains to MAP (Measures of Academic Progress) and the use of Bench Mark data.

Our dedicated faculty and staff continue to be committed to improving student achievement. The infusion of the Professional Learning Teams across the curriculum has allowed for our teachers to learn and share a variety of proven teaching strategies. Last year’s professional development focus was infusing technology in the classroom; we will continue this initiative ensuring our students have access to the latest technology.

Our students received numerous academic awards this past school year. A few of these awards are students representing our school at the state level in the Geography Bee and Low Country Spelling Bee. We also had several students who received awards in our district technology fair. In the upcoming year, emphasis will continue in closing the achievement gap and maintaining a safe and nurturing environment. With the continued help and support of our community, parents, and staff, we are able to assure our students will have the opportunity to receive a great education.

Michael J. Caviris, Principal  
 Mike Hyrowsky, SIC Chairperson

## ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
