## Report of Principal and School Improvement Council

By continuing to be a “learning community where students are empowered for success,” Laurens Middle School embraced its mission and had an excellent year in 2011/2012. With the support of parents, students, and a tremendous staff, Laurens Middle earned a Palmetto Silver Award for the second consecutive year. Our efforts were rewarded as teachers and staff focused intently on planning, instruction and assessment and accepted the challenge of making lessons relevant and interesting for students.

The students and staff of Laurens Middle did an outstanding job in reaching out to our community this school year. Students learned about the importance of giving to others by supporting a child through the Make a Wish Foundation. Clipping coupons became the focus of the Christmas season as we raised money to purchase food for several needy families. Our Teens for Jeans campaign was a great success as hundreds of pairs of jeans were collected and donated. The fight against cancer was again supported through Relay for Life as we staged our own mini-walk for cancer victims and raised money to be used in the struggle to find a cure. The generosity of those associated with Laurens Middle was shown right up until the end of the year as we again supported the local Pennies for Patients campaign.

Our community gave to us as well. Laurens Middle students benefited from tutoring provided by Michelin Proving Grounds employees. We also formed a new partnership with McDonalds of Laurens in an effort to provide incentives for student attendance in school.

There were lots of success stories at Laurens Middle this year. From classrooms to concert halls and ball fields to academic bowls, our students produced excellence and displayed the well-roundedness that we seek as children are educated. To say that our students made us proud would be an understatement given the compilation of numerous great performances and efforts in many different and distinct venues.

We also need to tip our collective hats to our teaching staff. Given budget cuts that all have had to endure in public education and an increase in class size, our teachers rolled up their sleeves and went to work in 2011/2012. Not stopping to make excuses, teachers instead found innovative ways that they could serve and challenge our students excellently. Our teachers proved that a demanding situation can become a rewarding one when our focus remains on students instead of circumstances.

**ESEA/Federal Accountability Rating System**

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

<b>Overall Weighted Points Total</b>	<b>81.9</b>
