Report of Principal and School Improvement Council

Hemingway M.B. Lee Middle School, located in Hemingway, South Carolina, serves students in grades sixth through eighth. Our motto is "Academic Excellence Is Our Ultimate Goal." Each year, the faculty, staff, and students continue to strive for academic excellence, our ultimate goal. Many strategies have been used this year to better meet the needs of the individual students. Teachers met weekly in Curriculum Focus Meetings to discuss data, instructional strategies, behavior issues, and other concerns that would affect the success of their students. To increase students' reading proficiency, a thirty minute block of self-selected reading was scheduled daily. The self-selected reading time was monitored using the Accelerated Reader program and incentives were given to students for earning points. Hemingway M.B. Lee Middle School offers high-quality education for all of the students with highly qualified teachers. Qualifying students can enroll in high school credit classes, including English 1, Algebra 1 and Keyboarding. The state end-of-course results for 2011 showed that our students in Algebra I had a 97 % passage rate. Outside of the classroom, our students participate in a number of organizations, clubs, and sports, including Student Council, Marching Band, Academic Challenge, Beta Club, Science Club, and Math Club. The Academic Challenge Team were the 2011-2012 Pee Dee Regional Division II Finalists. Our B-team girls' basketball team won their season championship during the 2011-2012 school year. The faculty and staff of Hemingway M.B. Lee Middle School are proud of the accomplishments of our students. We are appreciative for the support and partnerships with parents, community members, local businesses, and the school board.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
