## Report of Principal and School Improvement Council

York Preparatory Academy prides itself in providing a unique opportunity to families in York and surrounding counties as a school of choice. As we have completed our second year of operation our students are continuing to thrive academically, artistically, and athletically. Academically, our students continue to perform at or above many areas of the PASS tests. We had a student who obtained a perfect score on the PASS tests. Several of our students participated in the district science fair. Another student was chosen to participate in the SC Young Writers Conference. Our student body continues to perform an accelerated level in many areas. Artistically, our band program continues to grow with increasing numbers. The YPA band attended their first SCBDA concert festival in Camden, SC at Camden High School in March. The band received a score of Excellent. During the Solo and Ensemble Festival held at Fort Mill Middle School in April, the band was rewarded with 13 Superior and 7 Excellent ratings. All six of the soloists participating received a Superior rating. Additionally, our band participated in the Carowinds Festival of Music and received an Excellent rating once again. Athletically, our students participated in several sports this year including boys and girls soccer, girls volleyball, boys and girls basketball, cheer/dance team, golf, and baseball. Our baseball team won the conference championship. We also offered intramural football, cheerleading, and basketball for the elementary students. York Preparatory Academy has a highly qualified, dedicated, and steadfast staff of professional educators, one of which was selected as the district teacher of the year. We anticipate see continued growth in all areas as we begin the third year. We are excited about the new campus opening and the addition of the tenth grade this coming school year. As York Preparatory continues to build solid academic, arts, and athletic programs we will continue to build within the community as well.

**ESEA/Federal Accountability Rating System**

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
