REPORT OF SUPERINTENDENT

The School District of Newberry County's mission is to engage students at all levels in educational experiences that ensure success and life-long learning. Serving over 5,900 students, the district has 12 schools and a technologically advanced career center; nine of those schools received Palmetto Gold and Silver Awards for General Performance and/or Closing the Achievement Gap and all schools received a C or better on the new AYP ratings. Eleven of the twelve district schools improved their numerical index for the South Carolina School Report Card. We also had 22 students who scored perfect PASS scores. A district video highlighting the opportunities and successes of district students was created and can be viewed at www.newberry.k12.sc.us.

As the focus remained on continuous improvement for all students, the district implemented the Common Core State Standards for all students in grades K-2 and the writing Common Core State Standards for students in grades 3-12. Professional development was provided to all teachers to support this implementation. This professional development was provided by district staff as we continue to build and develop our internal capacity to promote leadership from within. We are also beginning a formal STEM initiative and look to include multiple STEM offerings for our students in the upcoming years. All of this is done while maintaining a fund balance of over \$10 million.

Schools within the district received security upgrades this school year and all schools continue to update and monitor their emergency plans. The alternative program for middle and high school students was redesigned to better serve students and return them back to their original schools. Newberry High School is also in year two of receiving School Improvement Grant funds to assist with funding additional staff in the Freshman Academy, advancing technology access for all students, and other school-based initiatives.

The School District of Newberry County maintains partnerships with Newberry College and Piedmont Technical College. Collaborative efforts from both institutes continue to assist teachers and students. Community support for schools remains positive and we are always grateful for the support and involvement from parents, community members, and local businesses.

Bennie Bennett, Superintendent
One District. One Team. One Mission.
