REPORT OF SUPERINTENDENT

The Williamsburg County School District is pleased with the gains being made as a school system. When we look at where we were, and where we currently are, we can clearly view our progress. In spite of that however, we know there is still much to be done. Today's global interdependence requires American school systems to strive for leadership locally, statewide, nationally and at the international levels. This is critical because this generation of students will require a world-class education to succeed in the 21st century.

World-class schools do not just happen. They are created with strategic vision, deliberate purpose and the collective efforts of an entire community. Schools and students flourish under exemplary instructional leadership, and are recognized for exemplary instruction delivered by dedicated administrators, and high-quality teachers who demonstrate skill and knowledge to meet the educational needs of all learners. Schools must be warm, welcoming and creative learning environments where each student is valued, encouraged and seen as capable of achievement. They are to be exciting places, equipped with technology and instructional resources to enrich the learning experience of every student in every classroom each day. Above all, world-class schools set high standards, use data to monitor student progress and accept responsibility for outcomes.

The Williamsburg County School District is focused on, and Committed to Excellence. Our dedication and commitment has supported us in raising our District's Absolute Report Card rating from Below Average to Average, and its Improvement rating from At-Risk, to Below Average. We are not where we know we are capable of being, but understand that we are well on our way to getting there. Our ESEA Waiver Grade (No Child Left Behind) was disappointing to us last term, and we are determined to achieve a higher letter grade for the coming term.

This past school term also saw our ACT and SAT scores improved significantly. We were the only district in our geographical area to experience gains. As we worked together, our schools achieved state and regional championships, and we received acclaim nationally, with first place winners in Career Education, Technology, Oratorical, Manufacturing Design, and Art competitions. Our students have also become active participants in the State's Mock Trial Competitions, supported by local area attorneys, and school and district based coaches. A number of our schools were also recipients of Palmetto Gold and Silver Awards, and Cum Laude Certificate Recognitions from the South Carolina Department of Education.

The district hosted its second Annual Hall of Fame Scholarship Gala, May, 2013, with the formal institutionalization of its Public School Foundation. The first scholarships of the year will be distributed in October, 2013.

These initiatives, combined with the ongoing support of the Williamsburg County Public School District's Board of Trustees, parents, community members, other elected and appointed officials, and the unwavering commitment of its employees, ensure that the Williamsburg County Public School System is well positioned to establish itself as a productive and successful school system.

Comprehensive detail, including definitions of ratings, performance criteria, and explanations of status, is available on www.ed.sc.gov and www.eoc.sc.gov as well as school and school district websites.
