## Report of Principal and School Improvement Council

The faculty and staff of Whitehall Elementary, A Global Communication School, are committed to serving children according to their individual needs and helping them develop to their fullest potential. In addition to a rigorous curriculum, we teach our students to respect their own and other's talents, skills, and cultural backgrounds. During the 2012-2013 year, Whitehall Elementary served 456 students in kindergarten through fifth grade.

Whitehall Elementary is fully accredited by the Southern Association of Colleges and Schools (SACS/CASI). The school's five-year improvement plan focuses on the following goals: 1) Increase student achievement for all demographic groups and at all levels on PASS, 2) Improve school climate by increasing the level of students' personal and social responsibility, increasing parent involvement and increasing teacher morale, and 3) Increase the teacher retention rate. In an effort to address these goals, professional development for teachers, curriculum initiatives, and other activities have been implemented.

Whitehall completed its first year as a Global Communication magnet school. The goal of the school's theme is to prepare students to participate more fully in a global society.

The Global Communication theme has three main components; foreign languages, communication through technology, and cultural studies. The school's theme was integrated into all grade-level classrooms. In addition to weekly Spanish instruction for all K-2 students, the "Culture Club" was created for Gr. 3-5 students and met monthly.

On the 2012 Annual School Report Card issued by the State Department of Education, Whitehall made great strides. Its "Absolute Rating" was "Excellent" for the second year in a row and its "Growth Rating" moved from "Good" in 2011 to "Excellent" in 2012. There are only a handful of Title 1 schools across the state that have been rated "Excellent/Excellent." This was quite an accomplishment! In addition, Whitehall was recognized at a national conference as a "High Flying School" for exceeding expectations for student achievement. In spite of the high level of student achievement at Whitehall, the school received a "B" letter grade in the new Federal Accountability Rating System. Simply stated, exceptionally high student achievement created a gap between the general population and three subgroups.

This year, Whitehall students participated in an Artist-in-Residency program that focused on Japanese culture, calligraphy, Origami, and art. Student art was placed on display at the Anderson County Arts Center and at AnMed. Students also participated in a number of service learning activities to give back to the community.

Whitehall has much of which to be proud! Staff dedication and sustained effort have produced results. The faculty and staff of Whitehall remain committed to its purpose of developing responsible, reflective, and ethical students who are prepared to compete in a global society. Whitehall Elementary is "Educating Today's Children for Tomorrow's World."

**ESEA/Federal Accountability Rating System**

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
