Report of Principal and School Improvement Council

Malcolm C. Hursey has consistently offered students unparalleled instruction that addresses multiple intelligences while creating lessons that drive the South Carolina academic standards. The strong belief that success is attainable by every student forces innovation and creativity in the introduction of Common Core Standards and re-enforcement of South Carolina’s elementary standards. The administration, faculty, and staff are committed to continuing our tradition of providing a strong foundation for all students through Charleston County School District Vision 2016, diverse learning experiences, and special programs meeting the needs of all learners.

At Hursey we offer conventional classroom instruction as well as Montessori instruction. Our traditional track runs from 4k-4th grade and our Montessori track consists of 3 year olds through 6th grade. This unique feature is one of the many aspects that make M.C. Hursey such a dynamic institution of learning. M.C. Hursey administration, faculty, and staff continue to seek ways to challenge students in their academics. The results of the MAP assessments and other data are continuously analyzed so that our instruction can meet the needs of our learners and foster growth in our students.

One of the most valuable aspects of M.C. Hursey is the bond formed between staff and community. The commitment of families and teachers fosters an environment with mutual goals for student success. At Hursey we have established a partnership with the Liberty Hill Improvement Council Afterschool Literacy Program, and Educate 1st which is designed to work with students on a daily basis to improve reading fluency and comprehension. Our partnership with Cummins Turbo Technologies creates meaningful science lessons through our Planet Bone Head Curriculum. In addition, we continue to expand our hands-on learning in the area of science instruction through the use of our Garden Classroom. At Hursey we have been awarded the Fresh Fruits and Vegetable Grant, The Boeing Lean Team Grant and the DHEC Wellness Grant to create and encourage a healthier lifestyle and eating habits for our students. It is through the collaborative efforts of the teachers, staff, administration, parents, and community that we are able to build a positive, nurturing learning environment that fosters high expectations for all of our students.

As we celebrate our many accomplishments and achievements, we are confident that we will continue to fulfill our mission and make excellent progress in the years to come.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
