Report of Principal and School Improvement Council

Stewart Heights Elementary School serves students in grades pre-kindergarten through third grade. The school is a Title I Schoolwide Project site due to the high number of students on free and reduced lunch status. Ninety-seven to ninety-nine percent of the students fall into this category each year. The student population averages 80% African-American, 11% White and 9% other.

The South Carolina Academic Standards are used as the basis for all instructional activities in the third grade. Common Core State Standards are used in grades Kindergarten through second grade. Teachers meet weekly to plan standards based lessons to help prepare the students for the next grade level and for the Palmetto Assessment of State Standards Test (PASS) that is administered to all third grade students in March and May. During the 2012 – 2013 school year, parents were invited to attend orientation programs, Parent Day conferences, P.T.O. Open House meetings, Meet the Author programs, PASS Parent Night meetings, American Education Week activities, and academic conferences. Home/school relations were enhanced by quarterly school newsletters, weekly classroom newsletters, and teacher calls/notes. Students were recognized weekly for displaying positive character traits through the school's Kids with Character Program. Students also received recognition during quarterly Awards Day Programs and straight A trips for their academic accomplishments. Programs such as Math Survivor and Writing to be a Winner were implemented to promote math and writing standards. Individual conferences, small group instruction, peer tutoring, common assessments and benchmarks were used to enhance students' academic growth. English Language Arts, math, science, and social studies served as the core curriculum in all classrooms during the past year. Supplies and materials were purchased to support goals identified in the school's Title I Project. Technology was effectively used to motivate the students. Promethean Boards were used in all classrooms. Class sets of Laptop computers and iPads were available for teacher check-out. Response to Intervention (RTI) services were rendered to kindergarten students in the areas of English Language Arts and math. Experienced interventionists worked with students on a weekly basis. Efforts such as these helped enhance students' academic growth at Stewart Heights Elementary School.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
