Report of Principal and School Improvement Council

Paris Elementary offers a truly unique educational setting. Nestled at the base of Paris Mountain, the school is rich in a tradition of excellence. Having proudly celebrated its 100-year anniversary in 2012, the school is focused on beginning a new century of excellence. Paris remains a community school and maintains close ties to the history of the area, including the grounds of Camp Sevier, a World War I training ground.

All academic programs at the school are student-centered and research-based to ensure the best possible education for our students. Our reading and language arts programs are based on a balanced approach which serves the individual needs of our students. Our math program employs a hands-on approach utilizing the Everyday Counts Calendar Math program and is enhanced by the Math Superstars program to promote creative and higher order thinking to solve word problems. Students continue learning with Odyssey Compass Learning, a computer-based instructional program that addresses individual students' needs. Our teachers use hands-on science kits and project teaching in Social Studies. The faculty is well-trained to provide an exciting combination of standards-based thematic units by integrating subjects.

The success of Paris Elementary is heightened by strong support from PTA and our surrounding community. Our PTA contributes an enormous amount of time and financial resources to programs in the school that benefit all students, such as Artist-in-Residence, Science is Fun Day, and the Accelerated Reader Program. Volunteers deliver SEEDS reading lessons to classrooms, tutor students, assist teachers, and help with the maintenance and beautification of the school.

The school staff, parents, students, and community all work together to ensure student achievement and success. As we begin a new century of academic achievement, we will continue to build on the traditions of excellence that have always defined Paris Elementary.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
