Report of Principal and School Improvement Council

The staff at Grove Elementary continues to provide the highest quality instruction to each of our students and promote programs that assist students in the fulfillment of individual potential through the positive, creative, and challenging instruction guided by South Carolina State Standards. Our focus for the 2011-2012 school year continues emphasize education of the whole child through academic, character, and health related education. Promoting Grove as a School of Academic and Character Excellence (A.C.E.), we continue to identify quality programs to promote lifelong learning and healthy lifestyles. The professional development concentration this year remained literacy instruction expanding balanced literacy instruction and adding writing instruction, emphasizing spiral growth, common language, and common planning techniques from Kindergarten through grade 5. Grove maintained current intervention programs, adding Reading Recovery and Wilson Reading to the list of resources. Based on Measures of Academic Progress (MAP), students receive leveled math intervention through flexible grouping and in the regular classroom. The CATCH program added an improved school committee to promote the involvement of the entire school family. Bulletin boards, posters, healthy news notes, and nutritional information for parents were added to the CATCH program this year. Physical activity in the classroom, in physical education, and at home continued to be practiced and communicated. We completed year two of the Fresh Fruits and Vegetables program with fresh fruit or vegetable snacks provided 3-5 times per week. Students and parents learn about the nutritional value and importance of the food on growth and development. The Grove's commitment to healthy lunches has been a success. The cafeteria team provided lunch each day that was fresh and prepared on site in our own cafeteria. Pre-packaged foods were eliminated from the daily lunch menu. Parents supported school efforts as they provided healthy snacks for birthdays and celebrations. Positive Behavior Intervention Systems (PBIS) supported character education and appropriate behavior and individual choices. Students are encouraged and rewarded through monthly recognition activities. Bullying prevention and identification was discussed and presented school wide through a variety of opportunities for students and parents.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
