**Report of Principal and School Improvement Council**

The mission of Inman Elementary School and District One is to provide a quality, student-centered education. Students at our school are Rocking in Their School Shoes, and they soar like EAGLES as they are Eager to Achieve through a Goals-Based Learning Environment.

Inman Elementary is a primary school serving students in K4 through third grade. Our school puts emphasis on early intervention. Inman Elementary is student-centered and programs are in place to help our students be successful. A preschool with disabilities class is available for children who are identified with special needs beginning at the age of three. There is a regular half-day 4K program, as well as, a full-day 4K program for students who qualify. Head Start is housed in our school and serves children between the ages of three and four years old. In first grade, Reading Recovery is available for struggling readers who need one-on-one or small group literacy instruction. Students who are English Language Learners are served by a teacher trained to enhance their academic success utilizing specific reading strategies. Academically gifted third graders receive enrichment through our EXCEL program.

Teachers at Inman Elementary School are highly qualified and participate in staff development in order to stay current with the latest research in the field of education. Within each grade level, classroom teachers provide differentiated instruction to meet the needs of students with varying ability levels. Teachers provide instruction in order to support students in developing reading and writing proficiency. High expectations are set for all students, faculty, and staff. Teachers work hard to make the learning in their classrooms rigorous and relevant. Teachers, administrators, support staff, and community stakeholders work as a team to ensure that students reach their highest potential.

**ESEA/Federal Accountability Rating System**

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
