**Report of Principal and School Improvement Council**

F. J. DeLaine Elementary is an integral part of the Wedgefield community in Sumter County. Currently, we educate and nurture 185 children from kindergarten through fifth grade. Our mission is to promote lifelong learners while utilizing the ABC's: Academics, Behavior, and Character. Moreover, we envision building a legacy of academic excellence and social responsibility, one student at a time.

At F. J. DeLaine, our hardworking staff is highly skilled and dedicated to the success of all students. We have a continued commitment to educate and provide our students with standards-based learning experiences. Therefore, various research-based and instructional "best practices" and approaches are implemented across the curriculum to broaden the students' academic performance. Promethean boards and computers, which aid in the academic experience and provide for active student learning, are utilized on a daily basis. Weekly grade level planning with the curriculum coach is held to fine-tune classroom lesson plans. Moreover, teachers plan for flexible, small group instruction for those students who need assistance. Targeted students in grades 1-5 participate in the after school tutoring program which provides extra practice in reading/language arts and math.

Parents are welcomed and encouraged to be involved in the educational process. Workshops are scheduled through our Parent Resource Center during the school year to encourage and assist parents in preparation for helping their children at home. Continuous communication between the school and family is promoted through our student-parent handbook, monthly newsletter, weekly and/or daily progress reports, and parent-teacher conferences.

We are proud of the achievements we have made. Our school met AYP and received a report grade of 94.

Dr. Roosevelt O. Miott, Principal

Ms. Taheshi Fortune, School Improvement Council Chairperson

**ESEA/Federal Accountability Rating System**

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
