Report of Principal and School Improvement Council

Lockhart School met success and faced challenges during the 2012-23 school year. New programs and activities were implemented, while successful initiatives from previous years were continued.

Lockhart School received an ESEA Federal Accountability rating of A in both the middle and elementary schools and received a Palmetto Silver Award. At the middle school level 100% of the students enrolled in classes for high school credit passed the End of Course Exam in Algebra I, English I, and Biology I. In grades 6-8, a greater percentage of students scored exemplary in ELA, math, and writing on the PASS test than in schools like ours in the state. Increasing student achievement in science and social studies is still a challenge we face. While students in grades 3-5 saw growth, the goal for those grades is to increase student achievement in all content areas.

Our eighth grade class boasts 4 Junior Scholars and a Battle of the Brains team that finished in the Final Four among middle schools in four Upstate counties. Lockhart School also had one Duke Tip Scholar, five winners of county art awards, and seven students who won regional music awards.

An active PTO and School Improvement Council worked diligently to increase parent involvement and enhance school climate. Two after school clubs were sponsored by the SIC. In addition, they teamed with the guidance department to implement Watch D.O.G.S. (Dads of Great Students) to foster the involvement of fathers in schools. All stakeholders worked in partnership on such activities as the Fall Carnival, Walk to School Day, Red Ribbon Week and Family Nights.

As the 2012-13 school year closes, stakeholders plan to maintain successful programs while planning new ways to meet challenges proactively. Budget constraints, a small faculty, and part-time teachers present challenges. Nevertheless Lockhart School will continue to hold itself to the high standards of the past while looking to the future.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
