Report of Principal and School Improvement Council

Ebinport currently serves over 580 students in kindergarten through grade five. The school environment at Ebinport welcomes, promotes, and encourages respect for diversity. Ebinport is a School of Choice for World Languages and Global Studies. To ensure academic gains for struggling students, classroom teachers implement Response to Intervention (RTI) plans to pinpoint and direct instruction. For students working ahead of grade level curriculum, challenging opportunities abound in every classroom to take children to the next academic level. Every child receives Spanish and Mandarin instruction.

MAPS data collected throughout the year displayed marked improvement in achievement for students. Math, non-fiction writing, and science instruction have received extra emphasis this year. The staff and school administration expect growth in all three areas due to added emphasis and extra opportunities for students.

Ebinport Elementary continues to strive to create the best learning environment for every student. By working together with all who have an interest in our school and in our students, we will do whatever it takes to provide for the academic, physical, social, and emotional needs of our students and their families.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
