REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Greetings from Joseph R. Pye Elementary School, where the 2012-2013 school year moved "Full STEAM Ahead" towards our vision of becoming a world-class model school for integration of the arts and sciences! With the input of our Shared Leadership Team, we have refined our mission to "make 21st Century Learners into 21st Century Leaders." The opening year (2011-2012) was an awesome year of JPES "firsts." Students, staff, parents, and partners in education earned many Pye Miles and collectively set the pace for our first class voyage to excellence by the year's end. At the beginning of this school year we were off to a fast start – in typical Pye fashion. We opened year two with great expectations for change and growth; knowing where we began, where we were concurrently, and where we needed to go. We fastened our seatbelts and prepared for take off! Our belief in shared leadership, shared responsibility, and shared accountability has been the fuel that drives our quest for continuous improvement.

At JPES, EVERYTHING WE DO IS IMPORTANT! We strategically align our school plans with the vision, mission, and initiatives of DSD2 and the three guiding tenets – Relationships, Rigor, and Relevance. Our over-arching school goals are 1) To maintain positive RELATIONSHIPS within a safe school climate and a culture of mutual respect, 2) To promote RIGOR so that all students can perform at their personal best, and 3) To ensure RELEVANCE in teaching so that all students can learn through meaningful and purposeful, targeted instruction. We have implemented our district and school Response to Intervention (RtI) plan to meet the academic and social needs of ALL CHILDREN through intervention, acceleration, and remediation. We have also introduced Common Core State Standards (CCSS), Reading and Writing across the curriculum, and collaborative delivery of STEAM-minded instruction (integration of Science, Technology, Engineering, the Arts, and Math).

Our initial rating of "Excellent" was a tough act to follow, but we did it with poise, grace, and commitment to knowing that "we were good, but we could be even better" (Dr. Freeman Habrowski). Team Pye implemented exciting strategies to support our Full STEAM Ahead focus. Some of this year's highlights include, but are not limited to, emphasis on collaborative STEAM planning and delivery, team-teaching, "highly engaged classrooms," a voyage to Kenya Africa via school to school Skype, and Saturday Fine Arts STEAM Extravaganzas. While JPES has much to celebrate, there are still roadblocks that we will overcome. Year three at JPES is the year of RIGOR. We plan to innovatively teach the skills that our children will need to be college and career ready by the time they reach secondary schools. Using the results of this year's strategic planning process for accreditation, we will build all teachers' capacity to teach, and all students' capacity to learn. Our students will be actively involved in data collection, goal setting, and progress monitoring. We will motivate and inspire many children to stretch and grow from being "school dependent learners" to "independent learners" and 21st century leaders. We want them to realize that magnificence results from change and growth. Welcome aboard! It's new! It's fun! It's exciting! It's a journey! It's our destiny!

Mrs. Wanda G. Carroll-Williams, Principal
Mrs. Julianne Richardson, Chairperson
